

GUIDELINES FOR ACCELERATED ACTIONS

Guidelines for Accelerated Actions during the SDGs national conference held at Sarova Whitesands, Mombasa 15th and 16th December, 2020

By
Sarah Muui, Director, of Planning

Guidelines for the Accelerated Actions

- Initiatives voluntary undertaken to accelerate the implementation of SDGs by government and any other non-state actions individually or in partnership
- Facilitate and accelerate implementation of the 2030 Agenda and SDGs, reflect interlinkages among goals and contribute to policy coherence
- Respect the principles of the United Nations Charter and the 2030 Agenda (human dignity, needs and rights of vulnerable, gender perspective and equity)

- Built on the successful efforts/initiatives (scale up, new phase) or introduce new ones
- Include means of implementation such as finance, technology or capacity building as an element to help ensure longevity and sustainability of the initiative
- Follow a smart criteria – Specific, Measurable, Achievable Results based with time based deliverables

- It has to be ongoing to provide for monitoring of the initiative
- Must address a specific goal, target or indicator(s)
- Be as descriptive as possible

Examples

- University in SA is will offer master degree course on Sustainable Development which is fully aligned with 2030 Agenda and Africa Agenda 2063
- Regional Centre for International Development Cooperation in Uganda aims to raise awareness of gender based violence by 70% by setting up 200 self help groups and developing reporting mechanisms in 37 schools by 2022.

Examples

- Promoting sustainable partnerships for empowered resilience is a multi stakeholder resilience programmes by NGOs, private sector, UNRCO and other UN entities targeting food insecure households in 4 districts in Malawi aiming at building resilience for 300,000 households
